A lady came from a neighboring city last week and bought one of our rugs she had seen in the window.

Said she hadn't been able to find anything like it at home for even \$10.00 more than our price.

She was surprised at our enormous stock of splendid rug values—lowest prices, biggest stock in the State.

You also will be surprised—and delighted too. Better look now.

### Fire Prevention Day

Saturday, October 28, 1911, has been set aside by His Excellency Gov. Mead as a day for making a careful inspection of all furnaces, stoves, flues, chimneys, and also the removing of all inflammable matter in and around all buildings, thereby lessening the possibility of a conflagration.

The city council of the city of Barre have signified their approval of the governor's act and have directed the fire committee, assisted by fire wardens and firemen, to conduct a thorough inspection of all the buildings in the business portion of the city and as much of the residential portion as possible.

We trust that all may see the great benefit which will be derived from such inspection, and that they will co-operate and assist in every way possible.

### REVENGE AT LAST.

Saturday about 10:30 p. m., after a careful watch all through the day and evening, a feat was accomplished that sheds new light on the affairs of the Barre Drug Co. It has been whispered (and talked for that matter) from time to time that this new drug store was bound to do business, and at the close of the day Saturday it was evident that that rumor was founded on facts, as this day and date registered the largest cash sales in the history of this company. The fact that this enterprise has weathered a gale only gives strength to the motto of this store; that is: "Give good value for the money pleasantly and promptly." Try it!
